

Vienna, February 2023

**33rd Conference of European Civil-Law Notaries
Salzburg, 20-21 April 2023**

Ladies and Gentlemen,
Dear friends of the Conference of European Civil-Law Notaries,

Austria's notaries would like to invite you to attend the **33rd Conference of Civil-Law Notaries** from 20-21 April 2023 in Salzburg. The main theme of the convention on 21 April 2023 is:

“Notaries going digital – Current practices and future visions for Europe”.

The COVID 19 pandemic has shown how important digital tools and processes are for notarial practice, especially in cross-border transactions. Reason enough to address the ongoing changes and challenges of digitalization in three panel discussions:

The first one will focus on the modernization of EU company law, a new European Commission initiative that aims to improve transparency for EU companies through the cross-border provision and use of more comprehensive information and reliable company data.

For the secure exchange of information, it is also necessary to create a European digital infrastructure between courts, competent authorities and notaries - the second topic of the event. In order to make not only the notarial profession, but judicial cooperation as such fit for the digital age.

Finally, the third panel will highlight the question: "Does the nature of the authentic act change in the electronic environment?"

We expect high-ranking speakers from the European Commission, the European Parliament and eminent international and national experts from legal and corporate practice as well as academia to attend.

We look forward to welcoming you in Salzburg in April!

Yours sincerely,

Michael Umfahrer
President of the Austrian Chamber of Civil-Law Notaries
